## Important conditions relating to health

### Important information about medical conditions

We cover over 300 conditions free of charge. Please go to [www.citybond.co.uk](http://www.citybond.co.uk) to see the full list.

This applies to cover under Cancellation or curtailment charges, Emergency medical and other expenses, Hospital benefit and Personal accident.

This policy won't cover anyone who is:

- travelling against medical advice, or to get treatment abroad
- having or waiting for tests, investigations or treatment for any conditions or symptoms that have not been diagnosed

If you don't tell us about a **pre-existing condition** that you or anyone on the policy have, any related claim for cancellation or medical expenses may not be paid.

### Answer the questions below to find out if you need to tell us about your pre-existing conditions

Has anyone on this policy:

- been prescribed any medication, received any treatment or had any consultations, investigations or follow-ups for any medical or psychological conditions in the **past 2 years**?
- EVER** been diagnosed with, or treated for any of the following?
  - heart attack, angina, chest pains, or any other heart condition.
  - high blood pressure, blood clots, raised cholesterol, aneurysm or circulatory disease.
  - any form of stroke, transient ischaemic attack (TIA), or brain haemorrhage.

**No:** You do not need to tell us about the conditions. They are automatically covered under the normal terms of the policy.

**Yes:** You should tell us about the conditions at [www.healthcheck247.com](http://www.healthcheck247.com) or by telephone on 0845 618 0341. You may need to pay extra to cover them.

**Not sure:** You can still buy a policy and tell us later on about the medical conditions. However you will not have any cover for them until you do.

If there is any change in your health or medication between buying this policy and travelling, you must call us on 0845 618 0341 to make sure your cover is not affected.

### Cancelling or cutting short your holiday

This policy will not cover any claims that result directly or indirectly from any medical condition you knew about before the policy started, and that affects:

- a close relative who is not travelling and is not insured under this policy;
- someone travelling with you who is not insured under this policy; or
- a person you plan to stay with on your trip.

You will not be covered if during the 90 days before this policy started, they:

- needed surgery, inpatient treatment or hospital consultations; or
- have been taking (or should have been taking) more than one prescribed medication, have been prescribed new medication, or had a change in medication; or
- were on a waiting list for, or knew they needed surgery, inpatient treatment or tests at any hospital or clinic when this policy started; or
- had been diagnosed with a terminal condition (that will cause their death) before this policy started.
